LOIS H. HILL, JR.

We are proud to honor Louis H. Hill, Jr. for his service to the Valley of New Castle as he has earned the recognition of having the 2011 Fall Reunion named in his honor.

Louis H. Hill, Jr. was born on September 3, 1939 to Louis H. Hill and Agnes (Colick). He has two sisters: Ruth Ann Herman and Helen Deal.

Lou married Marcia M. Gray on July 3, 1964 and they are the proud parents of three children: Bradley (who died in an accident at the age of 18), Mrs. Ronald C. Izzo (LuAnne), and Mrs. Scott L. Singer (Michelle), and 4 grandchildren: Dalton, Travis, Brandy, and Amber.

He attended Bessemer High School graduating in 1957 and Youngstown State University graduating in 1976 with a Bachelor of Science in Business Administration. He is a veteran of the U. S. Army and served his country from 1958-1961.

Lou is a lifetime resident of the New Castle area and is employed at the New Castle Transit Authority as an accountant.

His Masonic affiliations include Kedron Lodge No. 389 F. & A. M. in West Middlesex, the Valley of New Castle Ancient Accepted Scottish Rite which he joined in 1976, New Castle Legion of Honor, Delta Royal Arch Chapter No. 170 in New Castle, Syria Shrine in Pittsburgh, and Lawrence County Caravan No. 18.

Being active in the Valley of New Castle, Lou received the Meritorious Service Award in 1990 and was coroneted a Thirty-third Degree Mason in Milwaukee in 2004. He served the New Castle Council Princes of Jerusalem as Sovereign Prince in 1996. He currently serves on the Childrens Dyslexia Center Board and is a member of the Valley Executive Board for the Scottish Rite.

He has been a devoted cast member for the reunions, but is better known as Food Chairman for most events held by the Valley, especially the Annual Fish Fry. Lou also was the driving force behind the establishment of the Rotunno Scholarship Fund with the Annual Spaghetti Dinner as the main fundraiser in March of each year.

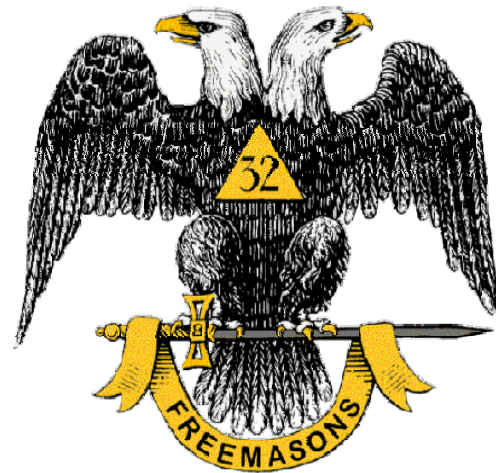

Lou possesses all of the moral characteristics of a Freemason both in the Masonic Family and in his community. He is a member of the Clen Moore Presbyterian Church where he serves as an Elder plus chairman of the personnel committee. In addition, he is a member of the Christian Education committee and serves as a Deacon.

Lou's community service is all about children and youth and he will state "That's where my priorities are". For the past five years Lou has been a member of the board of the Salvation Army and "Rings the Bell" every year to raise funds for those in need. He coached baseball for the Mohawk Athletic Association for eleven years and recently returned to coaching to manage his granddaughter at her request.

The Double-Headed Eagle

The Double-Headed Eagle of Lagash is the oldest Royal Crest in the world. No heraldic bearing, no emblematic device of today can boast such antiquity. It was in use a thousand years before the Exodus from Egypt and more than 2,000 years before the building of King Solomon's Temple. So far as is known, the Double-Headed Eagle was first used in Freemasonry in 1758 by a Masonic Body in Paris. The Emperors of the East and West controlled the advanced Degrees then in use and became a precursor of the Ancient Accepted Scottish Rite.

THE NEW CASTLE SCOTTISH RITE CATHEDRAL

Our home is the reality of a dream of John S. Wallace, 33, who lived next door to where the Cathedral now stands. The land was purchased in 1918 with additional plots acquired in 1921, 1923 and 1924. The architect was Schmidt and the contractor was S. M. Seisel from Milwaukee. The cornerstone was laid in 1925. The first time the building was officially used was November 8, 1926.

The Cathedral is 244 feet by 181 feet. At the front of the building are six stone columns that are 32 feet tall. The lobby is 70 feet in length and 24 feet in depth and suspended from the ceiling, forty five feet above, are three stained glass chandeliers flanked by eighteen massive pillars of onyx scagliola.

Adjoining the lobby is the 2,800 seat auditorium. Enhancing the beauty of the auditorium are three main chandeliers that were specifically designed and constructed for the Cathedral. The Stage is 80 feet in width, 45 feet in depth and 65 feet to the gridiron.

In addition to the auditorium, the Cathedral is equipped with four banquet rooms: The main dining room (seats 720), the east and west dining rooms (seats 320 each), and the ball room (seats 300). We can seat and serve around 1,800 at one time.

There are also two beautiful Masonic meeting halls, one on the east side and one on the west side of the building. In all, there is 2,900,000 square feet of floor area.

Finding new ways to defeat dyslexia.

Since 1994, hundreds of children have received free specialized instruction at the Learning Centers, enabling them to overcome the effects of dyslexia. We are pledged to continue to offer this service to as many children as we can - free of charge. In addition to serving more children through a growing number of Learning Centers, we provide guidance and funding for other means to defeat dyslexia, such as teacher tutor programs, research, and scholarships for teachers.

Growing with the help of many.

While all contributions benefit children with dyslexia, donors to the 32° Masonic Learning Centers for Children, Inc. can designate how they want their gifts to be used. The 32° Masonic Children's Learning Centers, Inc. is exempt under Section 501(c)(3) of the Internal Revenue Service and all contributions are tax deductible.

Meeting the challenge of dyslexia.

A small boy sits at his desk, looking down at his open book as his classmates read aloud. He wrinkles his forehead and squints his eyes but the letters and words he sees are jumbled, twisted, senseless. He grips the book tighter, holds his breath and makes a silent wish that the teacher will not call on him... This child has dyslexia, a common learning disability. He needs help to overcome it before it sets him back emotionally as well as educationally. Where will he get the help he needs? Mary had a little lamb. These familiar lines are easy to read and fun for most school-aged children. But for a child with dyslexia, reading brings nothing but frustration. Here's the same passage as seen through the eyes of a child with dyslexia: Mar gha dal it tie lamd. With letters flipped and words broken in the wrong places, the passage is simply impossible to read. It's easy to see why a child with dyslexia loses interest in reading, writing and other academics. Without specialized help, these children face serious stumbling blocks throughout their school years and beyond. Techniques that use a variety of senses - such as drawing letter shapes in a sand tray - give children alternative ways to learn. The 32° Masonic Learning Centers for Children, Inc. has been created specifically for the purpose of providing free specialized training and tutoring to children with dyslexia. It is the aim of the Learning Centers to equip these children with the skills and confidence they need to approach learning with eagerness and without fear.

Children's Dyslexia Center of Western Pennsylvania

32° Freemasons Helping Children;
Reading and writing are two of the most critical
skills we can teach our children.
Children with Dyslexia have difficulty with these skills.
Our mission... to help children learn to read and write.

The Learning Center in New Castle opened its doors in 2004 and currently has 8 tutoring rooms, 36 active students, one director, 9 tutors, 5 trainees, and 6 students on the waiting list. All the tutoring rooms are located in the New Castle Scottish Rite Cathedral.

What is dyslexia?

It manifests primarily as a difficulty with written language, particularly with reading and spelling. It is separate and distinct from reading difficulties resulting from other causes, such as a non-neurological deficiency with vision or hearing, or from poor or inadequate reading instruction. Evidence also suggests that dyslexia results from differences in how the brain processes written and/or spoken language. Although dyslexia is allegedly the result of a neurological difference, it is not an intellectual disability. Dyslexia has been diagnosed in people possessing all levels of intelligence. Dyslexia is an impairment in your brain's ability to translate written images received from your eyes into meaningful language. Also called specific reading disability, dyslexia is the most common learning disability in children, affecting 5 percent or more of all elementary-age children. Dyslexia may occur in children with normal vision and normal intelligence. Children with dyslexia usually have normal speech, but often have difficulty interpreting spoken language and writing. Treatment for dyslexia may involve a multisensory education program. Emotional support of your child on your part also plays an important role. Perhaps dyslexia can be most easily defined by looking at the word itself. The word dyslexia, pronounced (dis-lek-see-uh) comes from the Greek words δυσ- dys- ("impaired or without") and λέξις lexis ("word"). DYSLEXIA means: WITHOUT WORDS.

We're making a difference for children with dyslexia.

Dyslexia is estimated to affect some 15% of our population - more than 2 million school-age children in the United States. Although these children typically have average or above-average intelligence, their dyslexia can create difficulties not only with reading, writing and spelling but also with listening, thinking, talking and arithmetic. These academic problems can lead to emotional and self-esteem problems throughout their lives. With early diagnosis and appropriate instruction, these children can learn - and can enjoy learning - at their own age level. But programs to treat dyslexia have been few and far between. Most communities have little or no funding to support the facilities and staffing needed to properly address this disability.

Setting high standards.

Each Learning Center provides a highly qualified staff specially trained in the treatment of dyslexia. After professional assessment and evaluation of a student's needs, the staff then provides customized one-on-one instruction using a variety of techniques. In addition, each Learning Center provides training for local teachers or volunteers who want to tutor children with dyslexia.

AWARDS FOR OUTSTANDING SERVICE

The Chivalric Degrees of the Consistory

19° Grand Pontiff. This degree proclaims the spiritual unity of all who believe in God and cherish the hope of immortality, no matter what religious leader they follow or what creed they profess. It is primarily concerned with the perennial conflict between light and darkness, good and evil, God and Satan.

20° Master Ad Vitam. This degree demonstrates the Masonic condemnation of all who conspire against the security of the nation and the happiness of our people.

21° Patriarch Noachite. This degree teaches Freemasonry is not a shield for evil doing and that justice is one of the chief supports of our fraternity.

22° Prince of Libanus. In this degree, the dignity of labor is demonstrated. It is no curse, but a privilege, for a man to be allowed to earn his sustenance by work. Idleness, not labor, is disgraceful.

23° Knight of Valor. This degree teaches that impure thoughts and selfish, unworthy ambitions are corrupting and destructive, and that a man who forgets his duty to family, country, and God will be morally and spiritually destroyed.

24° Brother of the Forest. In this degree we discover that a Scottish Rite Mason should not judge any man by his race or by anything except his own acts.

25° Master of Achievement. Dramatizing events in the life of Brother Benjamin Franklin, this degree shows us that an industrious life benefits not only ourselves but also humanity.

26° Friend and Brother Eternal. From a true incident during the American Civil War we learn that partisan strife does not dissolve our Masonic obligations and that the virtues of brotherhood give rise to good citizenship.

27° Knight of Jerusalem. The lesson of this degree illustrates the importance of a free church in a free state, each cooperating toward the common good.

28° Knight of the Sun. This degree teaches that as nature hides her treasures under an external coat which must be hewn away before her wonders can be put to use by man, so Freemasonry helps us to strip the vices and superfluities of our lives so that we can see and perform our duty to God and our fellow man.

29° Knights of St. Andrew. This degree emphasizes the Masonic teachings of equality and toleration. We are reminded that no one man, no one church, no one religion, has a monopoly of truth; that while we must be true and faithful to our own convictions, we must respect the opinions of others.

30° Grand Inspector. This degree teaches us to be attentive, impartial, and equitable in judging others.

31° Knight Aspirant. This degree describes the victory of the spiritual over the human in man and the conquest of appetites and passions by moral sense and reason. The exemplar represents every Freemason eager to serve humanity but caught between self-interest and the call of duty. Duty often requires sacrifice, sometimes the supreme sacrifice.

32° Sublime Prince of the Royal Secret. As the culmination of Scottish Rite Masonry, this degree celebrates the triumph of individual integrity and our obligation to serve humanity.

LESSONS OF THE SCOTTISH RITE DEGREES

The Ineffable Degrees of the Lodge of Perfection

4° Master Traveler. This degree is to introduce the candidate to the totality of the Scottish Rite experience at the threshold. Moral challenges or dilemmas are posed to the candidate.

5° Perfect Master. This degree teaches that trustworthiness is more precious than life and is the foundation of Masonic honor. Also, we must pay due respect to the memory of a deceased worthy Brother.

6° Master of the Brazen Serpent. We learn from this degree that we must have faith in ourselves, faith in each other, and faith in God.

7° Provost and Judge. This degree teaches us to judge righteously, without respect to person, and that one law and one custom shall apply to all. Let justice be impartial, tempered with deserved mercy.

8° Intendant of the Building. This degree teaches that each new honor is meant to be a step toward perfection in the moral code; each a development of a particular duty; and that benevolence and charity are necessary virtues of leadership

9° Master of the Temple. This degree teaches that a mutual belief in a Supreme Power should bind all men together in a world-wide brotherhood.

10° Master Elect. We learn in this degree that a person who violates his obligations, regardless of his station in life, will not go unpunished.

11° Sublime Master Elected. This degree dwells on good citizenship. Evil doings should be punished. Honesty and respect for others should be rewarded. Be earnest, honest and sincere.

12° Master of Mercy. Exemplified in this degree is the quality of forgiveness, not just to forego the opportunity for revenge, but to cease to feel enmity or resentment toward the transgressor

13° Master of the Ninth Arch. This degree teaches that difficulties and dangers, however great, should not deter the true and faithful brother from progressing onward to perfection. It teaches the great truth that the finest things in life come only as the result of constant and often painful effort.

14° Grand Elect Mason. This degree teaches the holiness of God and reverence for His Holy Name.

The Historical Degrees of the Council of Princes of Jerusalem

15° Knight of the East. This lesson of this degree emphasizes the importance of loyalty to our beliefs and fidelity to an obligation.

16° Prince of Jerusalem. This degree teaches loyalty to truth and fidelity to duty.

The Philosophical Degrees of the Chapter of Rose Croix

17° Knight of the East and West. This degree teaches that we must seek truth in our way of life, and that we should learn from, and avoid repeating, the errors of the past.

18° Knight of the Rose Croix of H.R.D.M. This degree affirms the broad principles of universality and tolerance.

A MESSAGE TO CANDIDATES

You are about to begin your journey through the Scottish Rite Degrees and it may become one of the greatest and most inspiring experiences of your life. When you become a Sublime Prince of the Royal Secret by receiving the Thirty-Second degree and are no better than when you began your adventure, your investment of time and money will have been in vain. If however, you bring a receptive mind and a sensitive heart to these Degrees, you will indeed be a wiser and better man. Many men have been reborn, intellectually and spiritually, during the conferring of these Degrees. It is the hope and prayer of the Brethren that your experiences may be rich and significant.

While each of you is our guest of the Scottish Rite Bodies, you are requested to observe certain regulations and to cooperate closely with the Class Marshals so that confusion and delay may be avoided as much as possible. A definite time schedule is necessary and can only be maintained through the cooperation of all, including each and every candidate.

A full program of degree exemplification has been scheduled and a concerted effort has been made to present the degrees scheduled in a manner that will be an inducement to our candidates to return many times to witness additional Scottish Rite Degrees.

Through the use of authentic costuming, realistic scenery, effective lighting, music, and the beautiful language of the ritual, these degrees become highly dramatic presentations. Certainly, they should inspire and enable everyone who witnesses them with an open heart and open mind to have a better understanding of the precepts of Freemasonry as a way of life and a deeper concept of his responsibilities as a man and Mason.

This, we believe, is highly important because we are at a time when the time-tested principles that are so dear to Masons everywhere and that are so fundamental to our American way of life are being seriously challenged and threatened. The need for a better understanding of the precepts of Freemasonry and a more determined resolve to carry our Masonic light into the world becomes increasingly urgent.

We always look forward to each Scottish Rite Reunion as an opportunity to greet old friends and to make new and lasting acquaintances, and let us never forget or underestimate the value of true friendship. As we are taught in one of our degrees, life without friends, indeed, is worthless.

We sincerely hope that you will avail yourselves of the opportunity at this Reunion to rededicate your lives to the precepts of our beloved Fraternity. We shall endeavor to make your attendance both enjoyable and rewarding, and to make this Reunion one of the best ever.

Sincerely and Fraternaly,

The Officers and Members of the Valley of New Castle

Ill. Brother John S. Wallace, 33°, was one of the Masonic Officials that helped build the New Castle Scottish Rite Cathedral. He lived next door to where it stands today. Brother Wallace and others in the Masonic organization wanted a place large enough for all Masonic groups to meet as well as a place large enough to serve as a entertainment center for the area. Ill. Brother Wallace served as the first Thrice Potent Mater, first Sovereign Prince, first Most Wise Master and first Commander-in-Chief of the Valley of New Castle.

The Brethren that established the museum found it fitting to name the Museum after Ill. Bro. Wallace, a place were the Brethren could bring their Masonic memorabilia for the purposes of furthering a better knowledge of Freemasonry, to inspire all citizens, especially our youth, to build America even greater, to maintain and extend its ideals of liberty, equality and fraternity, in a common ground of understanding, based on past accomplishments.

Please take time to visit the Library. It is easy to reach by taking the stairs or the elevator to the 1B Floor on the East Side of the Cathedral Building. We have many interesting books, jewels, aprons and other Masonic regalia that are worth seeing.

18° - KNIGHT OF THE ROSE CROIX OF H.R.D.M.

Saturday, November 19, 10:45 am

The lessons taught in this degree are that man must have a new Temple in his heart where God is worshiped in spirit and in truth and that he must have a new law of love which all men everywhere may understand and practice. This degree affirms the broad principles of universality and tolerance.
